your roots to success...

SUPRAJA TECHNOLOGIES

Memorandum of Understanding (MOU)

This Memorandum of Understanding (MOU) is made between **Narsimha Reddy Engineering College ("Institution"),** located in Hyderabad, Telangana, India.

NRCMrecognized as a premier center of engineering education, NRCM follows a strong quality assurance system that emphasizes regular evaluation, monitoring, and continuous improvement of academic and training processes. The institution constantly upgrades its teaching and learning ecosystem to emerge as a center of excellence in engineering education. Beyond academic achievement, NRCM places strong emphasis on skill development, innovation-driven learning, and industry-aligned education. By adopting modern pedagogical practices and focusing on

emerging technologies, the college prepares students to become competent professionals and responsible global citizens.

and

Supraja Technologies [a unit of CHSMRLSS Technologies Pvt. Ltd.] ("Company") located in D.NO: 11-9-18, 1st Floor, Majjivari Street, Kothapeta, Vijayawada - 520001 and together are referred to as the "Parties".

Purpose

The purpose of this MOU is designed to foster expertise, innovation, and collaboration in the field of cybersecurity. The MoU serves as a bridge between academia and industry, offering students hands-on experience, industry-aligned training. The primary purpose of the MoU is to prepare students for careers in cybersecurity by equipping them with the knowledge, skills, and practical experience required to address contemporary cybersecurity challenges.

- Strengthen the college's reputation as a leader in cybersecurity education.
- Foster industry-academia collaboration for mutual growth and advancement.
- Provide comprehensive education and training in cybersecurity.
- Equip students with hands-on experience and practical skills.
- Enhance employability and career prospects in the cybersecurity field.

Goals

- Develop cybersecurity skills and knowledge among students.
- Establish best practices and standards in cybersecurity education.
- Foster industry-academia collaboration for mutual growth.
- Create a talent pipeline for the cybersecurity industry.
- Ensure graduates are job-ready with skills that meet industry needs.

Types of Cooperative Activities

The scope of collaboration on research activities to be pursued through this MOU includes the following.

1. **Real-World Scenarios**: Incorporate real-world scenarios and challenges faced by corporations into the COE's activities. This can be done through partnerships with industry, case studies, and capture-the-flag (CTF) events.

Work on real-world problems provided by corporate partners to give students hands-on experience.

2. **Certification Programs:** Offer certification programs recognized by industry leaders to ensure students are job-ready. Ensure certifications align with industry standards and requirements.
3. **Workshops and Bootcamps on Cyber Security:**It is mandatory to conduct our six levels of hands-on workshops/bootcamps and next followed by six levels of hackathons led by our company experts to with the latest trends and technologies in Cyber Security for a flat price of rupees 500 per head per each level.
4. **Exclusive Partnership with Cyber Security Department:**Other than our company, no other company should conduct a training/workshop program on the domain of cyber security for the respective cyber security department students in this campus.

MOU is non-binding.

This MOU is not intended by the Parties to be legally binding. Any binding obligations will be the subject of later. definitive agreements negotiated between the Parties. Nothing in this MOU is intended to create a legal partnership or joint venture.

Formal Agreement

The Parties 'intentions expressed in this MOU will be the subject of a future definitive agreement, which will contain detailed provisions stating the Parties rights and obligations including:

a. Detailed statement of work

b. Milestones and schedule for deliverable

C. Intellectual property arrangements

d. Exchange of materials. data, and software

e. Disclosure of confidential information

f. Compliance with laws and regulations, including those applicable to human and animal subjects in research, disclosures of conflicts of interest, and export controls.

g. Roles and responsibility in administering and managing the project.

Publicity and Use of Names and Trademarks

Nothing in this MOU authorizes a Party to use the name of the other Party or its employees in any advertisement. press release, or publicity with reference to this MOU or any producer or service resulting from activities contemplated by this MOU, without prior written approval of an authorized representative of the other Party.

Nothing in this Article is intended to restrict either Party from disclosing the existence of any nature of this MOU or from including the existence of and nature of this MOU in the routine reporting of its activities.

General Terms

1. This MOU is effective from the date when both parties have signed it ("Effective Date")
2. This MOU shall remain in force for a period of three year from the Effective Date. Either Party may terminate the MOU by providing at 60 days' advance written notice to the other Party, Termination or expiration of this MOU does not automatically terminate any separate agreement between the Parties related to the subject matter of this MOU.
3. The MOU may be amended or extended by mutual consent in writing signed by authorized representatives of the Parties.
4. Each party is liable for its own acts and omissions under this MOU, which, for the prevention of doubt, does not include any liability based on the acts or omissions of a third party
5. Confidential information shall be exchanged only under the terms of a separate agreement, whether a non-disclosure agreement, research agreement, material transfer agreement, or data use agreement. No confidential information shall be disclosed pursuant to this MOU
6. No export-controlled information shall be disclosed pursuant to these MOU
7. This MOU may be executed in counterparts, which taken together will constitute one document.

Notices

Each Party must provide all required notices under this MOU in writing to the addresses set forth below of such other addresses designated by the receiving Party
