## Report on Industry Insights for Future Professionals

**Title of the Event:** Industry Insights for Future Professionals

### **Speaker**

**Dr. Praveen Kumar Pokala**

Vice President (Applied AI Lead), JP Morgan Chase & Co.

**Date & Time : January 5, 2026 | 10:00 AM**

**Venue :IT Park – 204**

### **Organized By**

**Dr. G. Ramu**

**Career Development Center (CDC)**

### **Target Audience**

B.Tech 3<sup>rd</sup> Year Elite Coders (72 Students attended)

### **In Collaboration With**

- **Computer Society of India (CSI)**
- **Institutional Innovation Council (IIC)**

### **Objective of the Event**

The primary objective of the session was to **bridge the gap between academia and industry** by providing students with direct exposure to real-world applications of **Artificial Intelligence, Machine Learning, and Large Language Models (LLMs)**. The session aimed to motivate students to align their academic learning with current industry expectations and emerging technologies.

### **About the Speaker**

Dr. Praveen Kumar Pokala is an accomplished AI researcher and industry leader with extensive experience in **Applied AI, Multimodal LLMs, Computer Vision, and NLP**. He is a **Gold Medalist Ph.D. graduate from IISc Bangalore** and has worked with leading organizations such as **JP Morgan Chase & Co., OLA Krutrim, Reliance Jio, and Qualcomm**.

## Program Proceedings

The program commenced at **10:00 AM** with an enthusiastic gathering of Elite Coders. The session began with a brief introduction to the speaker and the relevance of the topic in the current technological landscape.

Dr. Praveen Kumar Pokala delivered an insightful talk covering:

- Real-world applications of **AI & Machine Learning** in industry
- Role of **LLMs and Multimodal AI** in enterprise solutions
- Expectations of top companies from engineering graduates
- Importance of **strong fundamentals, projects, and continuous learning**
- Career guidance for students aspiring for product-based companies

The session was interactive, with students actively participating by asking questions related to career planning, research opportunities, and industry readiness.

## Program Outcome Mapping:

PO Code	Program Outcome	Justification
<b>PO2</b>	Problem Analysis	Exposure to real-world AI/ML and LLM-based industry problems and analytical approaches
<b>PO5</b>	Engineering Tool Usage	Insights into modern AI tools, LLM frameworks, and enterprise-level AI systems
<b>PO7</b>	Ethics	Emphasis on professional ethics, responsible AI usage, and industry standards
<b>PO9</b>	Communication	Interactive Q&A session improved students' ability to communicate with industry experts
<b>PO11</b>	Life-Long Learning	Motivated students to continuously upskill and adapt to emerging AI technologies

## Sustainable Development Goals (SDGs) Mapping

SDG	SDG Title	Relevance
<b>SDG 4</b>	Quality Education	Promoted industry-aligned learning and skill development
<b>SDG 8</b>	Decent Work and Economic Growth	Enhanced career readiness and employability awareness
<b>SDG 9</b>	Industry, Innovation and Infrastructure	Encouraged innovation-driven and technology-focused learning
<b>SDG 17</b>	Partnerships for the Goals	Strengthened collaboration with CSI, IIC, and industry expert

## Key Takeaways

- Clear understanding of **industry-driven AI use cases**
- Exposure to **cutting-edge AI research and applications**
- Motivation for students to focus on **problem-solving, projects, and core skills**
- Practical guidance on **career growth in AI & ML domains**

**CAREER DEVELOPMENT CENTER**

*Organized by*

**INDUSTRY INSIGHTS**  
FOR FUTURE PROFESSIONALS

**Dr. Praveen Kumar Pokala**  
Vice President (Applied AI Lead)  
JPMorgan Chase & Co.  
PhD (Gold Medalist), IISc Bangalore

05<sup>th</sup> January 2026 | From 09:00 AM to 04:30 PM | IT PARK - 204

**Location:** Malsammaguda (V), Kompatly - 500100, Hyderabad. **Website:** [www.nrmecc.org/](http://www.nrmecc.org/)

**INDUSTRY INSIGHTS**  
FOR FUTURE PROFESSIONALS

*Bridging Academia and Industry*

**Speaker:**  
**Dr. Praveen Kumar Pokala**  
Vice President (Applied AI Lead)  
JPMorgan Chase & Co.  
PhD (Gold Medalist), IISc Bangalore

**January 5, 2026 | 10:00 AM**  
**IT Park – 204**  
**Eligibility: Elite Coders**

**Session Highlights:**

- Industry Expectations for Future Engineers
- Real-World AI Applications
- Career Pathways in Applied AI & Data Science
- Skills to Become Industry-Ready

**Organized by:**  
Career Development Center (CDC)  
Narsimha Reddy Engineering College

**INSTITUTION'S INNOVATION COUNCIL**

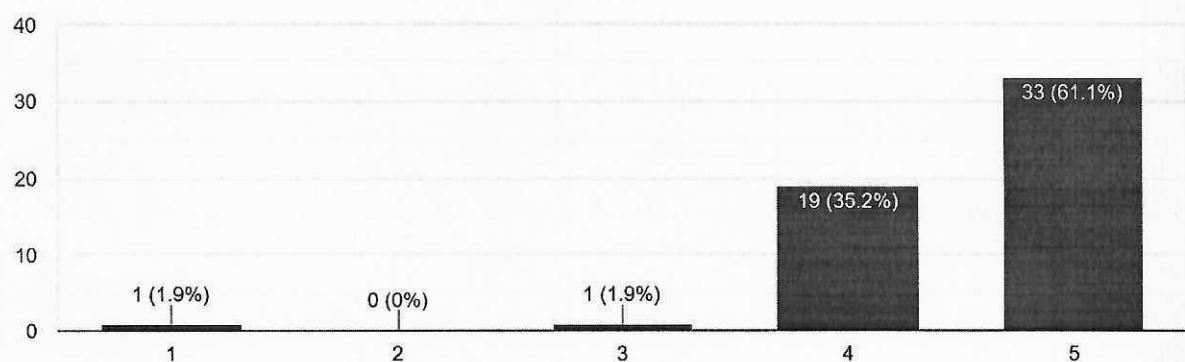

## Feedback about the Event

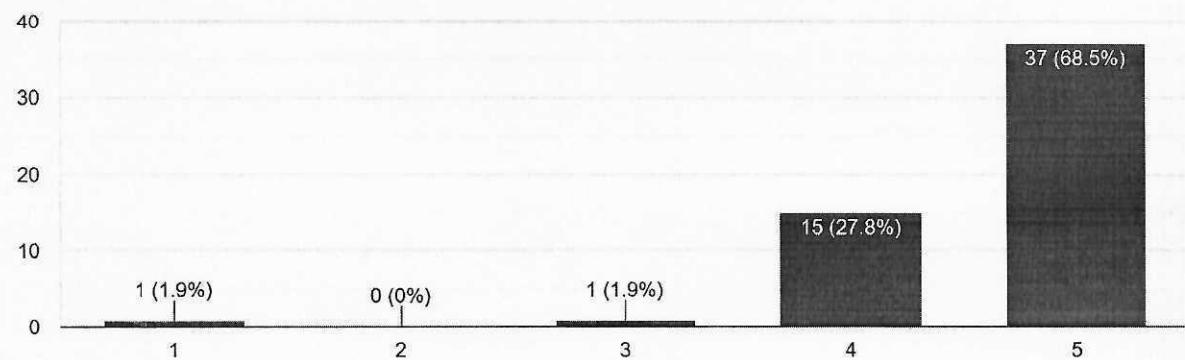

How would you rate the overall quality of the program?

54 responses

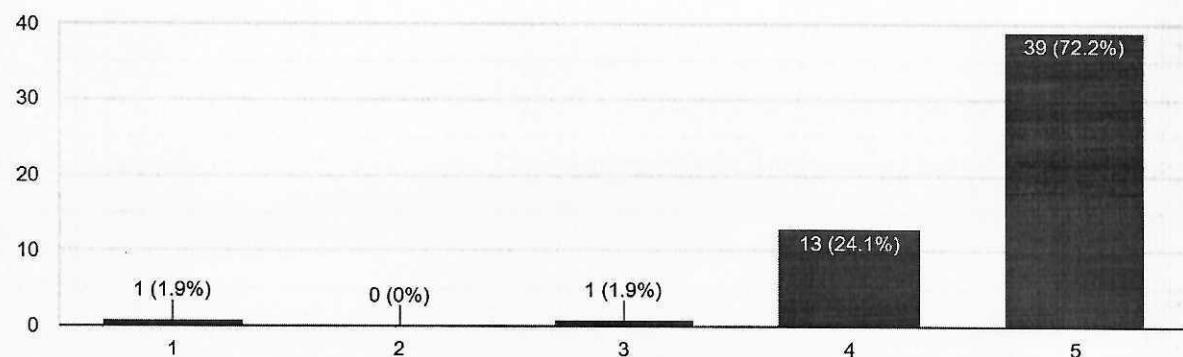

The session content was relevant to current industry trends

54 responses

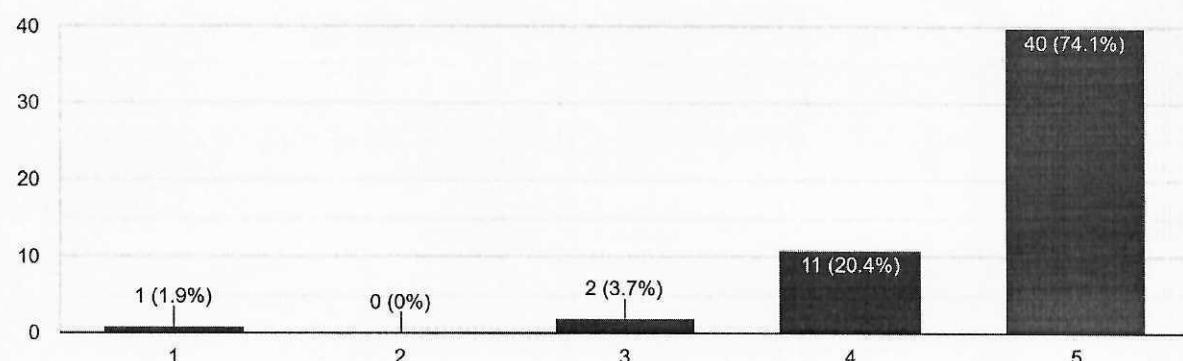

The session helped me understand real-world industry expectations

54 responses

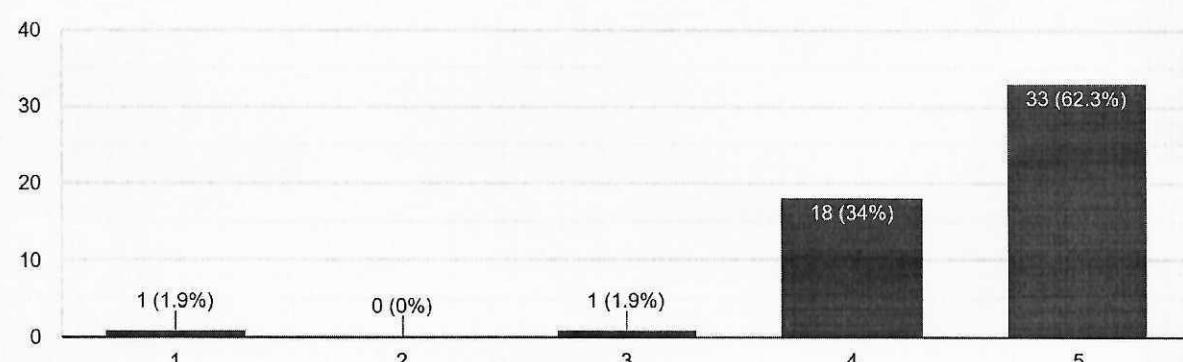

The speaker demonstrated strong knowledge and industry experience

54 responses

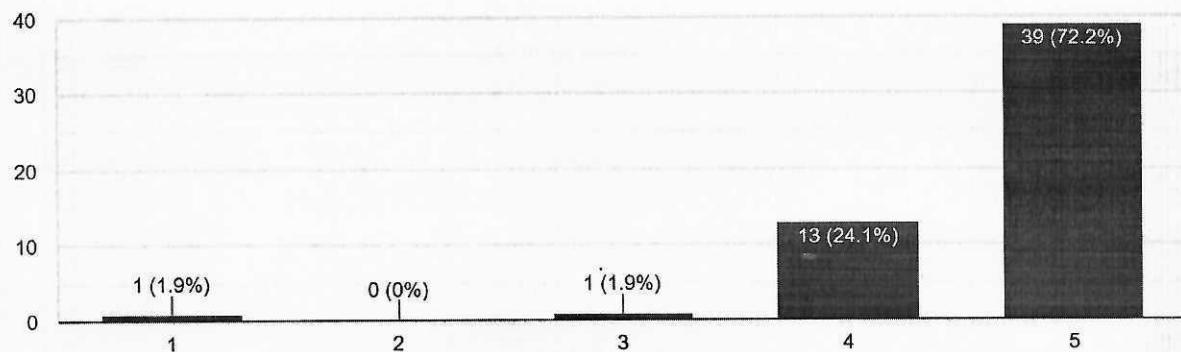

The concepts were explained clearly and were easy to understand

53 responses

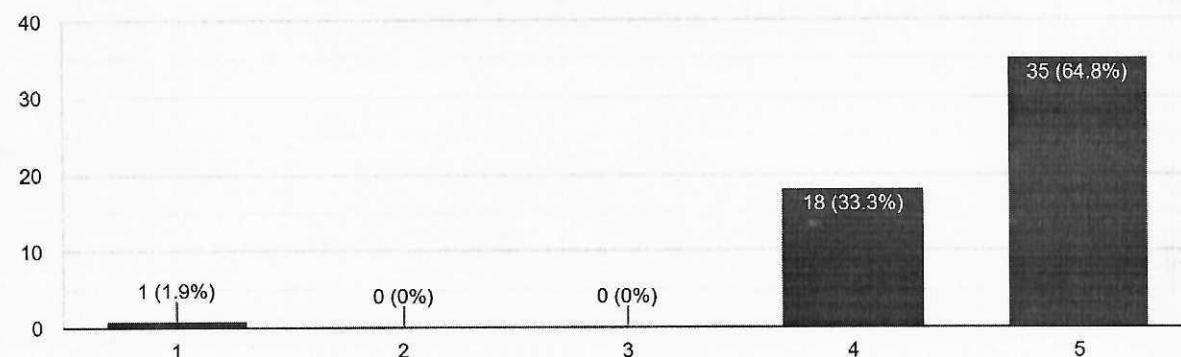

The session helped me understand real-world industry expectations

54 responses

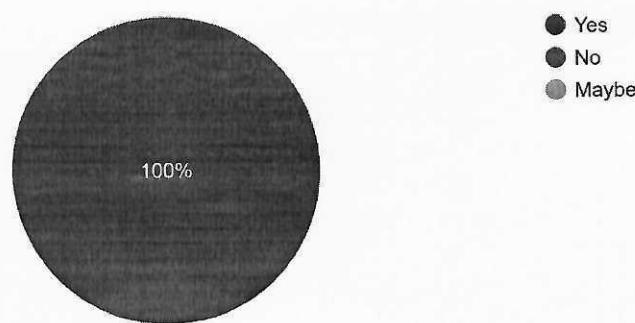

The session was useful for my career planning and skill development

54 responses

Would you like to attend more such industry interaction programs?

54 responses

### Outcome of the Event

The event effectively enhanced students' understanding of industry expectations and emerging trends in Artificial Intelligence. The session was highly informative and motivational, encouraging students to strive for excellence in both academic pursuits and professional skill development. Organized in collaboration with the Computer Society of India (CSI) and the Institutional Innovation Council (IIC), the event successfully strengthened industry-academia interaction and promoted innovation-driven learning among students.

### Summary

The Industry Interaction Session was a **great success**, providing valuable insights and practical knowledge to students. The Career Development Center expresses its sincere gratitude to **Dr. Praveen Kumar Pokala** for sharing his expertise and motivating the students toward achieving their career goals.
