

DEPARTMENT OF CIVIL ENGINEERING

PROFESSIONAL SOCIETIES

NIRMAAN is Civil Engineering Student Association. The NIRMAAN was formed to bring about the technical development of students by organizing seminars, workshops and other activities and also to improve non-technical abilities of students by engineering good communication skills, managerial abilities, presentation skills and team work.

Objectives:

- To promote the interaction between academia and industry by organizing industrial visits, special lectures and facilitate in industrial training
- Promoting the interests of students in various technical areas pertaining to mechanical engineering
- To encourage students of the civil engineering department to develop their personal skills, like event management & time management by organizing inter & inter collegiate events
- To bring about the technical development of students by organizing seminars, workshops and other activities.

NIRMAAN has been established in 2015-16 with a good strength of students in civil engineering department.

NIRMAAN coordinator Name: Prof B.SUDHARSHAN REDDY, CE Dept.
