Narsimha Reddy Engineering College joins Honeywell career

Honeywell Narsimha Reddy Engineering College announces participation in the Honeywell upcoming programs.

The technologies of the fourth industrial revolution are being used by a wide range of public and private sector organizations worldwide. Students, the future workforce, have significant challenges in becoming proficient in these technologies due to the pricing, accessibility, and availability of infrastructure in their location.

Honeywell has teamed with ICT Academy to develop 25 Centres of Excellence for young Empowerment to teach young and female students in sophisticated technological skills and prepare them for the future of employment. 5,000 higher education students will be taught in innovative technologies such as cloud, big data, networking, RPA, artificial intelligence, and machine learning through the Centre of Excellence, and will be industry-ready resources. Our university is one of the 25 higher education institutions selected for the **CENTRE FOR EXCELLENCE**.
